The planet Neptune takes approximately 164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. As Neptune travels through your 6th House you need to take care of your health, taking particular care with drugs of any description. The trouble is that your body is overly-sensitive during this time. You may even develop or discover allergies. You may also feel somewhat lethargic, overwhelmed by the demands of a busy life. A good balance of rest, exercise and a healthy diet goes a long way towards helping you cope with the stress of a busy schedule. You may also benefit from seeking advice from alternative healers, or perhaps even exploring options for working as a healer or in a spiritual field.
